On behalf of Highworth running club I would like to thank you all for entering the Highworth 5 mile road race. I hope that you found the event enjoyable and gained satisfaction from your own efforts. Our decision to shorten this years event to 5 miles, from our previous 10km was one that caused us much discussion. We would certainly value your views on this or any other aspect of the organisation or event.

It is always nice to see people return to the event year after year. It is also a pleasure to welcome new faces. We believe that this years entrants were about 50-50 from each group. However many times you have run here before we hope you will feel inspired to return next year. If not then we would love to know why not.

The number of runners not attached to clubs also seems higher than ever. I would like to commend the benefits of club membership to those of you who do not belong. Advantages come at a number of levels, from the simple financial (you save £1 each time you enter a race like ours) to the social (running clubs do more than just run together). I am sure each local club would welcome you along to meet and run with them without obligation (ours most certainly does). Please feel free to 'phone me if you are interested, no matter where you live, as I am sure we can find you a contact.

Phil Willcox
